

Vienna Airport: Scandinavian Airlines SAS Launches Flights to Copenhagen

Effective immediately, Scandinavian Airlines SAS connects Vienna with Denmark's capital city Copenhagen. After a seven years break, the Danish airline returns to Vienna with four weekly flights. The new connection was formally inaugurated during a photo ceremony at the airport on March 24, 2016, by Helga Parzer, SAS and Carolin Drott, Flughafen Wien AG.

"We always had a good collaboration with SAS", says Julian Jäger, Member of the Management Board of Flughafen Wien AG. "That is why I am particularly pleased to be able to welcome SAS again at Vienna Airport after an absence of seven years. Moreover, we can now offer a new flight connection from Vienna to the destination of Copenhagen, the cultural and economic center of Denmark."

Hans W Dyhrfort, General Manager Region Europe of the SAS Group, is also pleased with the renewed cooperation. "Vienna represents an additional attractive European destination with which we are expanding our route network, optimally complementing our existing short- and medium-haul offering. We connect Vienna with more than 100 destinations in the SAS network, offering flexibility to travelers on the basis of our up-to-date air fare concepts in SAS Plus and SAS Go."
